DEVELOPED AND MADE IN CANADA.

A perfect blend of design and durability

Amulet is an eye-catching, geometric digital print coated fabric that makes a bold impression in any space. Beyond the striking design, Amulet is built for high-traffic areas with superior cleanability and unequalled abrasion resistance, ensuring both style and practicality. It pairs beautifully with our plain textile and leather-look colour ranges, allowing to create unique combinations that stand out. Ideally suited to contract upholstery and healthcare applications thanks to its innovative no-rinse Wipe and Walk technology, Amulet blends design and functionality seamlessly, offering a versatile solution for demanding environments.
